## What's Happening at BEMS

We have so many exciting things happening in the art room and the library. We are celebrating Dot Day this Friday with one of a kind dots created by every student in the elementary school, inspired by Peter Reynolds' book *The Dot*. Students are also making artwork for Art to Remember, so keep an eye out later this fall for an order form for some custom products featuring art from your child! We are also very excited to partner with Phoenix Books for our fall book fair in November. We have so much to look forward to this year. We are off to a great start!

Hello Bakersfield Families!

7th and 8th grade students are off and running in both Language Arts and Global Citizenship! In ELA, both grades are reading and analyzing articles that explore the relationship between money

and happiness. They have been discussing if money or experiences bring people more joy and comparing information across multiple sources. In 7th grade Global Citizenship we are reviewing some Geography skills from 6th grade and getting ready to start our first Ancient Civilization study. 8th graders are learning about the Indigenous Peoples of North America, and will soon be studying the Age of Exploration in Global Citizenship class! I'm looking forward to an awesome year!  
-Ms. Newman

Our BEMS students do so many spectacular things while at school but we also want to highlight what our students do outside the walls of BEMS. Back by popular demand we are creating the Bobcats Beyond These Walls bulletin board. This board is intended to celebrate and showcase the achievements and activities of our students outside the walls of BEMS.

Fishing, football, dance, hiking, hockey, mountain biking, and skiing are just a few of the submissions we have had in the past. Please feel free to send in a picture of your bobcat to be displayed on the bulletin board.

Let's Celebrate our Talented Bobcats! *\*Pictures should be no larger than 4 x 6.*
